In addition to the **general abstract** we would like you to send us a more extensive version of this abstract. The latter will be included in a booklet and should contain the following subsections: Background, Rationale, Methods, Results and Discussion/Significance of the Project (**titles in bold**). Please start all subsections on a new line. The guidelines for the outline are the same as the guidelines stated above with the exception that there is no word limit. Instead, the text can be up to one page. Pictures and schematic graphs summarizing the findings are also welcome. The booklet will be distributed to everyone along with the certificate at the end of the research day.
